## **MILITARY DISCOUNT GUIDELINES**

**Please read and follow these guidelines when ordering from Hammer Nutrition in 2017:**

- Discounted prices are strictly confidential and for you alone. Please do not share your pricing or make purchases for anyone outside of your household.
- Your discount applies only to Hammer Nutrition Direct – please do not ask any dealers, retailers, or shops to honor your discount.
- Mondays and Tuesdays are extremely busy at Hammer Nutrition. Due to heavy phone call volume on those days, we ask that you place phone orders Wednesday through Friday only. You can place orders online via our website ([hammernutrition.com](http://hammernutrition.com)) at any time.
- Shipping charges apply to ALL discounted military orders and will be calculated at published rates, based on package weight and zone of delivery address.
- Due to our already extremely low margins, clothing and accessories are not discounted at the same percentage as fuels and supplements.
- Prices are subject to change without notice.
- Multi-unit items, such as the 3-jug special on Hammer Gel or any of the supplement kits, will not be discounted.
- Your discount will apply to the regular retail price of all Hammer Nutrition fuels and supplements. The discount cannot be combined with other specials we may be running on any of the products. You will always receive the lowest price available, whether it is from your discount or the current special.
