3 users, 5 Fitness objectives, 1 Sport

FUNCTIONS & CHARACTERISTICS

ADJUSTABLE PARAMETERS: users can override workout duration and adjust stimulation parameters while training.

2+2 FUNCTION: carry out

- 2 different programs on two different body parts simultaneously,
- 2 channels each.

FAVORITES: bookmarks for easy retrieval of personal library.

- Premium allows each user to bookmark custom protocol settings for a personalized use.
- Alternatively it can be used by the distributor to set up the device with ready-made libraries for the targeted market segment.

LAST SESSIONS: Premium automatically memorizes the last 10 electro-stimulation sessions, which can be recalled with two key strokes.

AUTO-RECALL: Premium recalls the current intensity and setting of the last 10 treatments, for each users,

SYNCRO-STIM: Current intensity can be increased on all 4 channels simultaneously with a single button.

POWER SUPPLY: rechargeable battery pack. (AC adapter included).

DISPLAYS PAD PLACEMENT: 20 pictures on the screen help with pad positioning before starting stimulation.

CONSTANT-CURRENT GENERATOR: Biphasic Rectangular Symmetrical Waveform

FDA CERTIFIED for over-the-counter purchase. No medical prescription needed.

The "Globus™ Premium Sport" is not intended for therapy in the treatment of medical diseases and conditions of any kind.

Premium Sport+ \$ 1,100+ tax.

Premium Sport \$ 899+ tax.

Premium Fitness \$ 599+ tax.
